### EDUCATION

I started grade 1 at Kalenga English Primary School until grade 7. Grade 8 up to grade 12 I did it at Haimbili Haufiku SSS. After grade 12 I have been just learning about life.

While I was still learning about life for about 10 years, because I couldn't further my studies I was fortunate to get admitted at Triumphant College where I am now doing my second year studying Information Technology.

### PORTFOLIO

As an IT student, I gained a lot of knowledge and experiences. I'm very good with the following:

- Microsoft Office
- SQL
- Photoshop
- Programming
- Web Design
- Computer repair

I'm also good at doing other work outside Information Technology field. I know how to farm animals, especially cattle's and goats. I'm experienced in auto-mechanic, repair and maintainace. I can do plumbing, intallations, repair and borehole.
